

MANUFACTURED PRODCUTS

Bed Frames	196
Picnic Tables	196

COAST BED FRAMES

Made from lightweight aluminium (almost half the weight of a standard steel bed frame), the Coast Bed Frames are designed and manufactured in Australia. Their frame is powder coated in a neutral colour (stone beige) to compliment any RVs interior. Slats are made of sturdy European birch timber which is not a hard wood; it therefore offers more flexibility, making it more resilient to breaks. The slats have a textured finish on the side that makes contact with an applied mattress; this reduces shifting caused by movement. The slats are attached to the frame by means of rubber boots which are more flexible than the polypropylene alternative (as the harder plastic tends to crack and split over time due to movement). Comes with a 12 month warranty on the frame.

PICNIC TABLE

M300-100

We all know storage space is at a premium whilst you're travelling, so to take the essentials (like tables and chairs) can sometimes be a pain. Why not install a picnic table on the outer wall of your RV? It's one less thing to pack and you can never leave it behind! Quick and easy to install, the Coast Picnic Tables have powder coated steel hinges and are rated to 20Kg. The frame comes with polypropylene strips to cover unsightly screws. Available in white and comes with a 12 month warranty on materials used.

Dimensions: 805L x 435H x 30D (mm)

PICNIC TABLE WITH BACKING PLATE

M300-200

Similar to the picnic table above, except that this version comes with a backing plate. The backing plate creates a frame between the two fixed brackets on the picnic table. It allows for extra mounting points should there not be any supporting studs behind the chosen spot to install your picnic table. Comes with plastic cover strips to conceal any screws that have been used.
